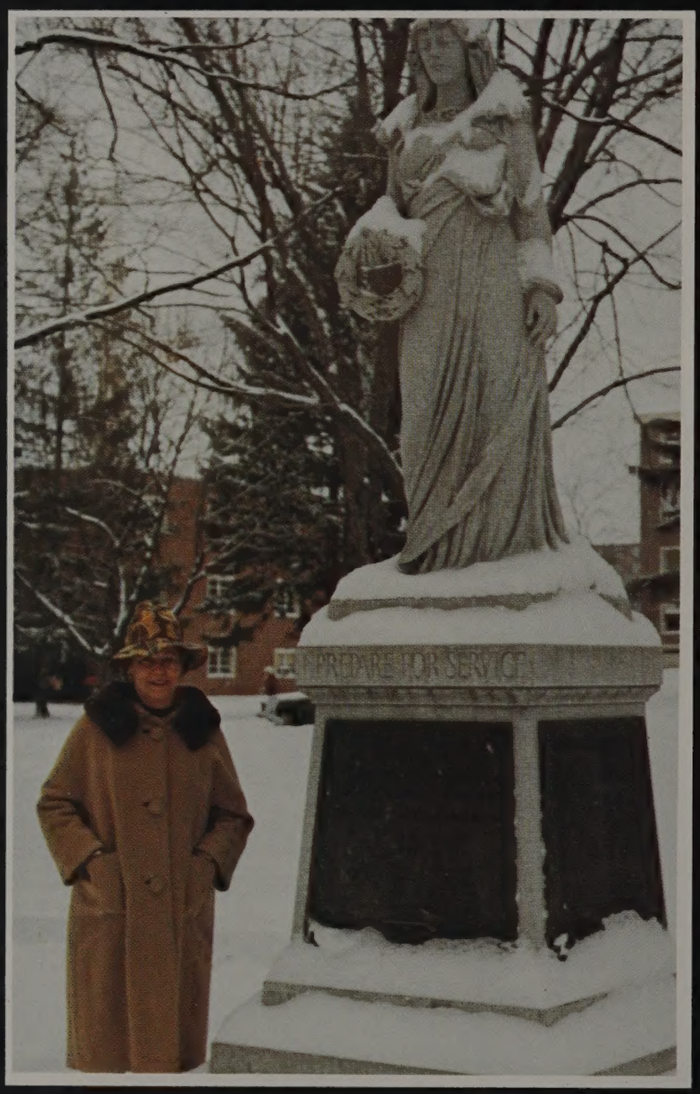
If you are a dreamer, come in,
If you are a dreamer, a wisher, a liar,
A hope-er, a pray-er, a magic bean buyer . . .
If you're a pretender, come sit by my fire
For we have some flax-golden tales to spin.
Come in! Come in!

Shel Silverstein

# dedication



December 21, 1979

Dear Class of 1980,

"Memories are made of this." — Your yearbook will help you recall the days of fun and parties, books and studies, friends and professors, roommates and halls, food and the Commons, brick buildings and green trees, football games and Koehler Fieldhouse, and more, and more, and more.

I, too, have memories. As you are ending a four-year experience which has enriched your life, I am ending a career that has been both happy and fulfilling. As you have seen the opening of the fine arts building and the construction of a new library, I have seen the opening of eight residence halls plus an off-campus apartment building, classroom buildings, two libraries, a fieldhouse, a speech and hearing building, a dining hall, and a health center. Yes, these tangible changes have come about slowly for you and for me. My watching the growth of approximately 25,000 students and your making enduring friendships is what makes being on a college campus for four years, or 27 years, a worthwhile experience. The latter is the intangible part of college life that cannot be measured.

When I came to East Stroudsburg State College, all the women were cloistered in one hall and had 10:00 pm curfews during the week and 11:30 pm on Saturday nights. The ratio of men to women was three to one. All students sat down at the same time for a served lunch and dinner. A dress code of skirts, dresses, ties, and coats was in force.

At ESSC you have seen 24-hour visitation implemented for weekends and the opening of co-ed residence halls. Each of you participated in this change. As your life progresses, changes will be abundant, particularly as a new century unfolds.

Remember your college days and your alma mater because it's vital to life's experiences. On many occasions you will draw from your memories made on this campus. Take with you the good. Come back as alumni and revel in the college that has contributed to your development as much as it has enriched my career.

Best wishes to each of you, and thank you for this tribute!

Sincerely

Mildred Wheatley

DAY CARE
CENTER

April 15, 1980

Dear Friends:

It has been a distinct privilege for me to serve as your interim president for the 1979-80 academic year. You have received me graciously, and I have felt that we have been working in concert toward achievement of a common objective: the well-being of the College and its primary resource, its students. I will return to my position as Vice President for Academic Affairs at Shippensburg State College with a warm feeling toward East Stroudsburg State College. I believe that we have accomplished much during this year and that under the able guidance of your new president, ESSC will move proudly and vigorously into the 1980's.

Let me try to enumerate that which we have been through together. 1) We have weathered the retrenchment storm, that condition which saw 17 of our faculty members receive letters of layoff. As of this writing we are dealing with the possibility of only three of these layoffs being necessary and we continue to seek ways of bringing that factor to zero; 2) We have moved successfully through the ten-year Middle States Association reaccreditation exercise. Although the final decision will be made in July, 1980, I am confident, on the basis of the report of the chairman of the visiting team, that the College's full accredited status will be continued; 3) We have moved expeditiously from Kemp Library (19,000 square feet) into our new, beautiful 90,000 square foot library on the corner of Normal and Smith Streets. You saw the opening of the doors on April 14, 1980, a great day for all of us; 4) We have been through a year in which we have maintained (contrary to predictions) our enrollment level of 1978-79. This has, in large measure, enabled us to balance our budget. As we close out this year it has permitted us to undertake several extremely important capital projects; replacement of the failing air-conditioning system in the Computer Center, sodding of the new women's athletic field, construction of an observatory, etc; and 5) We have been through rough periods with our contract food service, have supported new accommodations and increased power for our radio station, have reviewed recommendations with respect to co-ed residence halls and 24-hour visitation, have sought in vain to find adequate space for a weight lifting facility, and have legitimized a program in Hotel/Resort Management, to name just a few. It has been an active, productive year, and I leave you with full confidence that the College is in reasonable fettle to face the challenge of the 80's. You should know that, without any lowering of admissions standards, ESSC has admitted a full class (with a waiting list) for next year. Few colleges can claim this, and we all can take pride in this happy condition.

In closing let me say that it has been a pleasure for me to get to know you. I have found you to be special people: you are warm, you are bright, you are honest, you want to be involved, you understand the concept of accountability, and you love your College. I wish you well, those who are leaving and those who are staying. You have here a magnificent institution of higher learning. Although I will no longer be officially employed at ESSC, as a result of this year's intimate association, I will always be a part of you and will expect to continue to serve you. I do hope you will call on me.

Sincerely,

H. Erik Shaar

# ACTIVITIES

# ACTIVITIES

# alpha omicron pi

# alpha phi omega

Alpha Phi Omega is a National Service Fraternity. Our chapter, Delta Upsilon, is coed and has a membership of 40. Our motto is Leadership, Friendship and Service to College and Community and we incorporate these values in our service projects. Among the many service projects we did this year were mass set-up, raking leaves for the elderly, community Easter egg hunt, Christmas carols in the hospital, ride board, and fund raising for the Newman Center.

Greek Girl

# alpha sigma alpha

# omega psi phi

# phi epsilon kappa

Phi Epsilon Kappa is an Honorary Physical Education Fraternity for men and women who meet the academic requirement of a 3.2 after 32 credit hours. Among the activities sponsored by the club are tournaments, fund raisers, socials, guest lecturers, and general services to the college community.

# phi sigma kappa

# sigma pi

Known for their good community relations, Sigma Pi involves themselves in many community service projects. These include can food drives, money raising for the Heart Fund, and Apple Tag Day. Sigma Pi was last year's IFC flag football champs and will travel to Delhi University, NY to play their flag football champs. The brothers also made "road trips" to visit other chapters of Sigma Pi at Rutgers, Fairmont State (WV), and Drexel.

# little sisters of sigma pi

Back in the spring of 1975, the Little Sisterhood of Sigma Pi, Order of Athena, was founded as an auxiliary of the Fraternity. As an organization, the Little Sisterhood helps the Fraternity in social and community functions such as the Hunger Drive and Red Cross Blood Drive.

# theta chi

Once again, the brothers had a fantastic year. They came in second place in the homecoming float competition with "Diaper Days". The brothers were the overall Greek Week champs for the 6th consecutive year. Jim Lynch won the "Greek God" award. Theta Chi extended the "helping hand" by having numerous service projects including Christmas Caroling at Stroud Manor Nursing Home, Sunday mass set-ups for Father B, and participation in the Special Olympics.

# upsilon psi

# contemporary dancers of essc

# social awareness committee

# latin american association

The purpose of the Latin American Association is to provide the hispanic students and the college community with an opportunity to learn about each other's cultural background.

# the hospitality management club

The Hospitality Management Club kicked off to a new start this semester. The club has been active travelling to Philadelphia for a tour of the first class hotels, attending a marketing lecture at Penn State, and attending the Fernwood Hotel Exhibition.

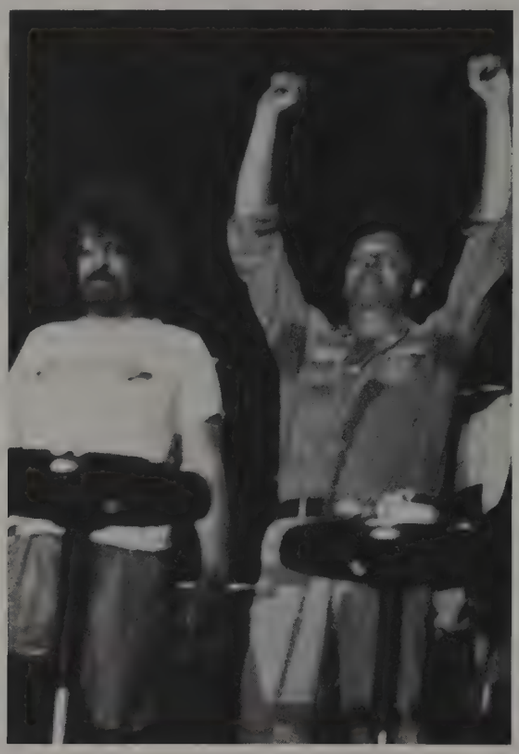
# Harry Chapin

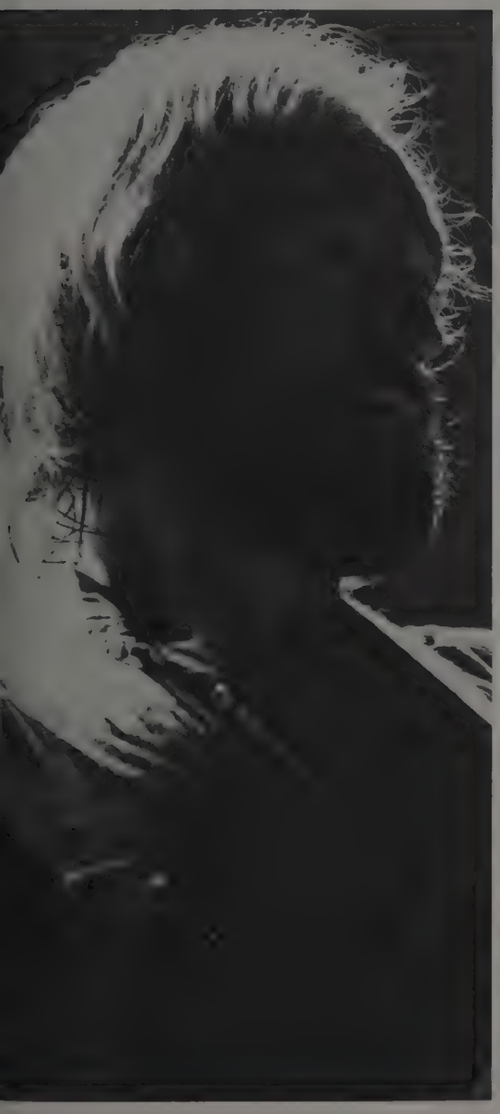
Harry Chapin, who led the World Hunger Year, appeared at Koehler Field House on September 14, 1979. The benefit concert was held in order to promote the World Hunger campaign. Chapin received minimal wages for his performance. Not only was the concert a complete success, but Chapin's message reached out and touched each individual present at the concert that night. After the concert students met in the College Union to discuss the problems of World Hunger. Best known for his singles, "Taxi" and "Cats In the Cradle", Chapin is not only a superb songwriter and singer, he is an outstanding human being.

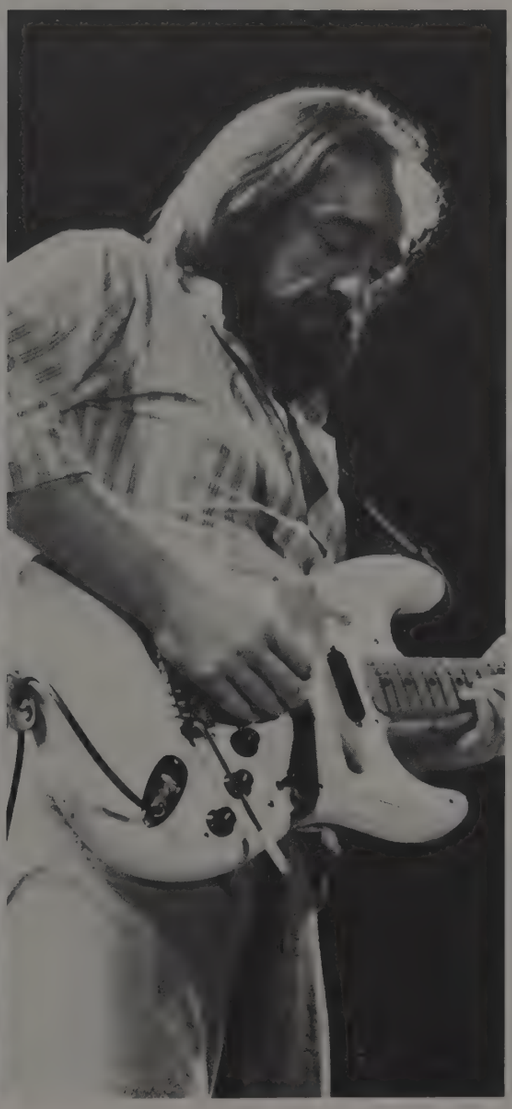


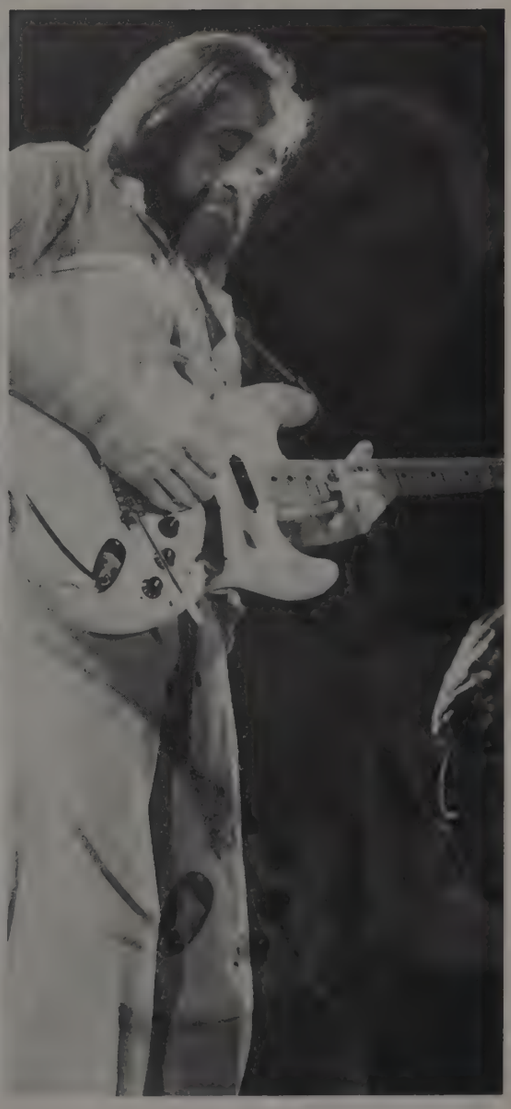
# In Concert

# presenting . . . dave mason

Performing artist, Dave Mason appeared in concert at ESSC's own Koehler Fieldhouse on February 16, 1981. Mason is a contemporary singer - guitarist whose basic style is rock. He began his career at the age of 14 and has been a part of the music business for over 15 years. During these years Mason has helped add a personal dimension to the rock scene of today. Mason has released nine solo albums, six of which were under the Columbia title. He is best known for his platinum LP; Let it Go; Let it Flow, which included the hit single; We Just Disagree. Touring with such groups as Aerosmith, Ted Nugent, Santana, and Foreigner, Mason has a long history of musical successes. This includes being a member of the group Traffic for a number of years. Opening for Dave Mason was Hans Olson who played traditional blues and rock and roll.







# the magic of manzini

Mario Manzini, complete with outrageous garb, appeared in the auditorium Tuesday, February 26, 1980. Manzini is an expert escape artist who has set six Guiness Book world records for his feats of escape. His costume consisted of a black nylon suit with silver chains and beads running down the seams, Around his waist he proudly exhibited an oversized award presented to him by the Guiness Book. To add that one finishing touch, he wore a black cape with a skull's head embroidered on it. The costume could possibly be what is best remembered about Manzini. His act consisted of various treacherous acts which were topped off by his singing of "Blue Suede Shoes" and "Misery Train". The evening was ended by the grand finale. The finale consisted of 2 death defying acts. One took place in 2 airtight bags, the other in a milk jug containing 100 gallons of water.

Fellow Students;

Without pointing the finger or running myself into a dizzy, I would like to explain the reasons this book is delayed and why it is no where near as complete as a yearbook should be.

With a staff of a dozen interested and dedicated people we have picked up bags and boxes of photos and half written copy that started no where and ended just the same. We have done the best we could with what we had and hope you are grateful for a combined book rather than no book at all.

We only hope that the seniors of East Stroudsburg State College 1980 and 1981 find that this book holds some memories of a period in your life you will hopefully never forget. If any of the events, activities, photos, etcetera are not included in the book, we apologize for any hurt feelings or missed persons. As I have already explained, these things were beyond our control.

Sincerely yours,

Co-Editors, Stroud 1980-81
Mary Beth Pfeffer
Sherri Abruzzese

A Special Thank you to the following people for their hard work and support in getting this book to press;

Mike DiGiacomo
Dawn Williams
Kathy Heim
Leslie "Tigger" Stephens
